Obsolescence Notification No: 2792

Subject: Obsolescence of the AL008J and AL016J Products with the Model Numbers 03 or 04

Spansion LLC is announcing the obsolescence of the 110nm, 3.0V Floating Gate NOR AL008J and AL016J products with the model numbers 03 or 04. See below for details.

Product Identification: AL008J and AL016J Ordering Part Numbers (OPNs) with the model numbers 03 or 04 (15th and 16th OPN characters).

Old Device Version*: 98H21A, 98K38A

New Device Version*: 98H21B, 98K38B

*For internal tracking purposes only.

Package Types: TS048, VBK048

Product Line: ESG – Embedded Solutions Group

Description of Obsolescence: Obsolescence of the AL008J and AL016J products with the model numbers 03 or 04.

Reason for Obsolescence: These products are being removed from Spansion's product portfolio in response to gravitation towards their equivalents based on the next mask revision. Rationalization of the product portfolio enables Spansion to better service customer requirements via improved operational efficiencies and is a continuous improvement.

Application Impact: All valid combinations of the products affected will no longer be offered. The recommended migration OPNs are fit, form, and function compatible.

Replacement Parts: Affected OPNs with model number 03 should migrate to the same OPN with the model number 01. Affected OPNs with the model number 04 should migrate to the same OPN with the model number 02.

Old Part Final Order Date: November 10, 2010

Old Part Final Shipment Date: May 10, 2011
