**Obsolescence Notification No:** 2804

**Subject:** **Obsolescence of the AS016J Packaged Products with the Model Numbers 01 or 02**

Spansion LLC is announcing the obsolescence of the 110nm, 1.8V Floating Gate NOR AS016J packaged products with the model numbers 01 or 02. See below for details.

**Product Identification:** AS016J Ordering Part Numbers (OPNs) with the model numbers 01 or 02 (15<sup>th</sup> and 16<sup>th</sup> OPN characters) for the package types listed below.

**Package Types:** TS048, VBK048

**Product Line:** ESG – Embedded Solutions Group

**Description of Obsolescence:** Obsolescence of the AS016J packaged products with the model numbers 01 or 02.

**Reason for Obsolescence:** These products are being removed from Spansion's product portfolio in response to gravitation towards their equivalents based on the next mask revision. Rationalization of the product portfolio enables Spansion to better service customer requirements via improved operational efficiencies and is a continuous improvement.

**Application Impact:** All valid combinations of the products affected will no longer be offered. The recommended migration OPNs are fit, form, and function compatible.

**Replacement Parts:** Affected OPNs with model number 01 should migrate to the same OPN with the model number 03. Affected OPNs with the model number 02 should migrate to the same OPN with the model number 04.

**Old Part Final Order Date:** January 29, 2011

**Old Part Final Shipment Date:** July 29, 2011
