Obsolescence Notification No: 2800 Rev.A

Subject: Obsolescence of the 18-character Ordering Part Number S29AL032D Flash Memory Products

Spansion LLC is announcing the obsolescence of **some** S29AL032D Flash Memory products. See below for details.

This is revision A to ACN 2800 issued on July 1, 2010. The following changes to this ACN are effective immediately.

- 1. The End of Life (EOL) for all 17-character S29AL032D ordering part numbers (OPNs) is being cancelled.**
- 2. The EOL for all 18-character S29AL032D OPN will maintain the same Old Part Final Order Date of January 1, 2011 and Old Part Final Shipment Date of July 1, 2011.**
- 3. The EOL 18-character S29AL032D OPNs are now recommended to migrate to their 17-character counterparts instead of the S29GL032N and S29JL032J families.**

The EOL strategy has changed because of an amended manufacturing strategy. Details of the changes are provided as follows:

- Due to popular demand, Spansion will maintain a long term manufacturing commitment for all 17-character S29AL032D OPNs.**
- The 18-character S29AL032D OPNs restrict the products to a manufacturing facility that will not be supported long-term, hence the migration to the 17-character OPN counterparts to allow for manufacturing flexibility.**

See below for the changes in bold.
