

FINAL PRODUCT CHANGE NOTIFICATION
PCN: PCN030039

DATE: June 12, 2003

Subject: 5V 37K PLCC Products will not be Pruned

To:
Description of Change:

In an effort to mitigate the obsolescence of the Flash family, Cypress is pleased to announce that the following 5V 37K PLCC products will not be pruned.

5V 37K PLCC products can be used to replace the recently pruned Flash Family of PLDs. Although not pin-for-pin replaceable, your local FAE can assist in providing documentation regarding this replacement.

Please consider these devices deleted from PCN 030028 prune list.

Benefit of Change: Offer customers replacement for pruned parts for continued supply to customers.
